(Bachelor of Music with a Minor in All – Level Certification)

College of Humanities, Arts and Social Sciences

## Program Overview

The Bachelor of Music in Music Education with a Minor in All-Level Education is designed specifically to certify music educators who will teach in a public or private school system. Degree requirements include a public recital and student teaching. Prospective students must be able to read notated music and demonstrate appropriate technical proficiency in voice or on an instrument at the time of their entrance audition. Candidates must choose either the vocal track, for students whose focus is voice, or the instrumental track, for all other music education majors. Currently, piano and guitar are not options as principal instruments in this degree plan.

## Careers in Music Education

Graduates with a Bachelor of Music in Music Education teach in elementary, middle, and high schools throughout the San Antonio area, and throughout the state of Texas. Teaching careers in colleges and universities are possible when combined with graduate work in Music. In addition, this degree will prepare you for a career in private teaching.
